RESEARCH PUBLICATIONS

3D Modeling of Multi-Building Scenes from Prototyping to Vertex-Efficient Representations <i>Preprint</i>	<i>Under Review 2026</i>
Gizem Esra Unlu, Mohamed Sayed, Yulia Gryaditskaya, and Gabriel Brostow	
Rapid Sketch-Based 3D City Reconstruction <i>Project Page, Video</i>	ECCV 2024
Gizem Esra Unlu, Mohamed Sayed, Yulia Gryaditskaya, and Gabriel Brostow	
Interactive Sketching of Mannequin Poses <i>Project Page, Video</i>	3DV 2022
Gizem Esra Unlu, Mohamed Sayed, and Gabriel Brostow	
Person Inpainting with Generative Adversarial Networks <i>Paper</i>	ECCVW 2018
Gizem Esra Unlu	

EDUCATION

Doctor of Philosophy <i>Computer Science</i>	2020 – 2025
University College London	London, UK
Master of Science <i>Computer Engineering</i>	
Bogazici University	Istanbul, TR
Bachelor of Science <i>Computer Engineering (Double Major)</i>	
Istanbul Technical University	Istanbul, TR
Bachelor of Science <i>Mathematics Engineering</i>	
Istanbul Technical University	Istanbul, TR

TEACHING AND WORK EXPERIENCE

Research Intern, PhD	Oct. 2025 – Jan. 2026
Autodesk Toronto	Toronto, CA
- Human Computer Interaction & Visualization Team - Developing a multimodal LLM-based UI understanding and automation agent. - Enabling real-time UI interpretation and natural-language task guidance.	
Research Intern, PhD	Oct. 2024 – Mar. 2024
NAVER LABS Europe	Grenoble, FR
3D Human Understanding - Built an interactive multi-person 3D pose annotation tool.	
Teaching Assistant	Fall 2020 – Fall 2023
University College London	London, UK
- Worked as a teaching assistant for the graduate-level Machine Vision module. - Overseeing weekly lab sessions and marking course works.	
Teaching Assistant	Fall 2019
Bogazici University	Istanbul, TR
- Worked as teaching assistant for the post-graduate Computer Vision Module. - Overseeing lab sessions and marking course works.	
IT Intern	Sep. 2015 – June 2016
Mercedes-Benz Turkey,	Istanbul, TR
Worked for the IT SAP&Rollout Services.	

HONORS AND AWARDS

PhD Student Placement Award

Oct.2023 – June 2024

The Alan Turing Institute

ECCV 2018 Looking at People Satellite Workshop Challenge

2018

Image Inpainting Competition 1st place

SKILLS

Programming: Python, PyTorch, JavaScript, HTML

Deep Learning: Neural Networks, Attention, Transformers, Large Language Models (LLMs), Multimodal ML

Other: Blender (3D + Python Scripting), Adobe Creative Cloud Tools

THESES

AI-Assisted Sketch-based 3D Modeling of Characters and Cities

PhD Computer Science

2025

Image Deblurring from Sign Language Videos

MSc Computer Engineering

2020

3D Facial Reconstruction from RGB Images

BSc in Computer Engineering

2017

Filtering Techniques in Speckle Noise Reduction

BSc in Mathematics Engineering

2017
